Trying To Keep Up With The Central Church Family
BY CHARLES WOODALL

ABOUT PEOPLE YOU KNOW

Carol Scarberry's brother, Joe White, is critically ill in the CCU unit in the Ripley, Tennessee, hospital. Carol and Joe grew up together and are very close. He has been ill for about two years.

Gertrude Gray was back at worship Sunday for the first time since her long illness. She is still weak, but is so much improved.

Richard Hackney has missed several Sundays because of illness, but reports he will soon be back.

Carol Scarberry's friend, Steve Cwikiel, has been on our prayer list for several months. Carol reports that he is doing very well and walking without help. Steve has attended many special events at Central.

Ask Clara Holton to see the pictures of her angel granddaughter. She is the daughter of Clara's son, Rick, and his wife, Linda, in Hilliard, Ohio.

All of you dog lovers can appreciate the grief that Margaret and Bodie Lightbody are feeling at the death of Sallie Mae, the dog that has been their companion for many years.
